

Day tour «TuranWay»

Duration: 7-8 hours

Departure: 10.00

Duration: 200 km

Archaeological excavations of Scythian gold in the "Valley of the Kings", maral farming, the first school of Uryankhai region, the house-Museum of one of the founders of independent Tuva, the first Russian immigrant, Sayan mountains – all in one day!

The mountains of Southern Siberia contain many archaeological monuments that can shed light on the history of the development of human civilization. The Valley of the Kings is one of them, in which several mounds, containing many artifacts from an archaeological point of view, were discovered. In one of the kurgans, gold jewelry with elements of animal style characteristic of Scythian culture was discovered.

Visit Turan Museum of local history. I. G. Safyanova will acquaint You with the archaeological and ethnographic collection, documentary Fund, photos telling about the life of the local population and about Russian immigrants, about the founder of the city of Turan - G. p. Safyanov, Russian self-governing labor colony, writer, scientist and artist N. So. Leonov

Near the Yelkin Klyuch village, in the landscape protected area with picturesque mountains, steppe massifs, is located the Turan farm. You can call it „power place“, because, having visited it, you will feel peace and tranquility. Here you will meet semi-wild marals in their natural environment. On horseback riding, you will definitely be able to get close to the noble deer and take pictures. Also you'll have the possibility of receiving antler baths from natural raw materials, walking, cycling walks – everything for your great holiday.

Cost:

(food in the restaurant, cars increased comfort) - 5 100 rubles \ pers;
